MEMORANDUM

3521

SECRET/SENSITIVE NATIONAL SECURITY COUNCIL INFORMATION

April 22, 1972

MEMORANDUM FOR: GENERAL HAIG ✓
FROM: JOHN H. HOLDRIDGE *JH for*
SUBJECT: Movement and Present Location of the
325th NVA Division

25X1

Mr. Helms has sent us a copy of a memorandum (Tab A) on the movement and present location of the 325th NVA Division which notes the following:

-- The Division could have been moved south to insure coastal defense (some of the best landing beaches are in Ha Tinh Province) or could be rapidly deployed to the DMZ as a reserve force should this become necessary.

Comment:

Most probably the 325th has been moved south to provide flexibility in either repulsing Allied landings on the southern North Vietnamese coast or in reinforcing troops south of the DMZ. In any case, it was hardly needed in the Hanoi/Haiphong area where it was stationed prior to the move south.

Helms John
